# Scripting Languages

Homework #5
(100pts)

You should create a simple quiz consisting of 4 questions:

```
question: "What was the most used programming language in 2019?",
    a: "Java",
    b: "C",
    c: "Python",
    d: "JavaScript",
    correct: "d".

question: "Who is the President of US?",
    a: "Donald Trump",
    b: "Joe Biden",
    c: "Hillary Clinton",
    d: "Bernie Sanders",
    correct: "b".

question: "What does HTML stand for?",
    a: "Hypertext Markup Language",
    b: "Cascading Style Sheet",
    c: "Jason Object Notation",
    d: "none of the above",
    correct: "a".

question: "What year was JavaScript launched?",
    a: "1993",
    b: "1994",
    c: "1995",
    d: "1996",
    correct: "c".
```

The interface should look like this:

What was the most used
programming language in 2019?

○ Java

○ C

○ Python

○ JavaScript

Submit

After submitting the answer, the page should go to the next question.

In the end you should get the following page summarizing your performance:

You answered correctly at 0/4 questions.
